PROFESSIONAL SUMMARY

Being employed at the University of Technology Sydney (UTS) for **3 Years**, I begin my tenure as an **Academic Tutor**, where I tutor subjects of Mathematical Statistics, Python Programming, Computer Science Research Studio; I also work as **Research/Industry Project Presenter** at UTS's high-tech visualisation lab, the **Data Arena**. where I deliver engaging demonstrations of immersive 3D data visualisations and interactive environments for public and private tours for academic, industry, and international audiences.

Additionally, I was serving as an **IT Project Management Office Administrator**. In this role, I manage multiple University BAU and Initiative project requests, proactively resolving multiple project request issues, and communicating with multiple Project Managers (Finance, Admin, Resource, HR) in UTS IT department on a daily basis. I also served as **First Year Success Advisor** to help/mentor freshman students' Course Enrolment Planning within the FEIT student community.

ACADEMIC SUMMARY

Actively engaged in supervised research for over **2 years**, I have contributed to multiple projects across different departments at the University of Technology Sydney (UTS). My experience includes WebArxiv work with the **Australian Artificial Intelligence Institute (AAII)** for my Capstone Project, the cross-university Honour Project Squidle+ **Institute for Marine and Antarctic Studies (IMAS)**, and an international research initiative on Multilingual Debias with **Technology University of Eindhoven (TU/e, The Netherlands)**.

Alongside my research experience, I maintain a strong commitment to academic excellence. I am currently completing a **Bachelor of Computer Science (Honours)** at UTS, specialising in **Artificial Intelligence and Data Analytics**. I have consistently achieved High Distinctions across all subjects **with GPA of 7 (full mark)**, and was recognised on the **Dean's List in both 2024 and 2025.** Earlier in my academic journey, I was awarded a **merit-based scholarship, SM1,** and spent five years studying in **Singapore**, including at the **National University of Singapore**, where I developed a strong academic foundation and global perspective.

EDUCATION

- Bachelor of Computing Science, AI and Data Analytics (Honours), University of Technology Sydney **(UTS),** (June 2027)
- Advanced diploma in Mathematics, National University of Singapore **(NUS)**
- Hwa Choong Junior College, **Singapore (SM1 Scholarship)**

SKILLS

- Problem Identification and Explanation
- Pipeline development
- Skilled Multi-tasker
- Active learner
- Microsoft Power BI
- MS Teams
- SharePoint
- Jira
- Miro
- Project Connect (Clarity)
- Service Connect (ServiceNow)

PROFESSIONAL EXPERIENCE

UTS Academic Tutor (March 2024 – Present)

- **Profiency in Tutorship**
- Expert at **PPT** slides creation and **Menti/Kahoot** Quiz creation
- Strong tutoring skills in Linear Algebra, Matrices, Statistics, Probabilities and Calculus, Python, Collab, Pytorch, Tensorflow.
- Proficient in running class of **50 students**, ability to teach and answer from basic to competition level questions.
- Utilized peer-learning and critical thinking skills for students, robust skills in using **Boardwork model** to teach complex questions.

UTS Data Arena Presenter (March 2026 – Present)

- Delivering strong public communication skills and interactive **data visualisation presentations**
- Ability to **break down complex data and AI concepts** engagingly across diverse audiences
- Experienced in **immersive visual storytelling** using **real-world datasets**
- Confident in **handling research/industry groups** and facilitating discussions in a high-tech environment

UTS IT Project Management Office Assistant Administrator (August 2024-February 2025) (The UTS IT Project Management Office (PMO) operate as an Agile team to optimize the flow of strategic value delivered within a Maintain&Enhance portfolio)

- Resolving tickets on **Service Connect**
- **MS Teams and Outlook** project filing and meeting bookings
- Lean Business case dashboard Maintain and Enhance on **Excel**.
- IT PMO **PowerBI** M&E
- IT PMO **SharePoint** M&E
- Rebase-lining Projects on **Project Connect**
- Weekly IT PMO DL updates on **Outlook** Address notebook
- **Jira Kanban** and Jira **Roadmap** updates
- **Miro** timeline creation
- Activity start-off and Events catering
- **PowerBI** M&E and data pulling from **Project Connect (clarity)**
- Web-room booking and events catering
- Governing Idea to Project conversion, Project generation and stage changes on Project Connect, Monthly Project Connect audit.

UTS First Year Success Advisor (September 2024-October 2025)

- **Mentored students** to help them understand course structures, subject selections, and assignment requirements
- Supported first-year students with academic transition, **study planning**, and accessing university support services
- Provided **one-on-one guidance** through drop-ins and scheduled advising sessions, both online and in-person
- Communicated clearly with a diverse student population from **various cultural and educational backgrounds**
- Promoted engagement and belonging by **connecting students to peer programs, clubs, and events**

UTS RESEARCH EXPERIENCE (June 2024 – Present)

- Developing **WebArxiv**: Evaluating Multimodal Agents on Time-Invariant arXiv Tasks **Australian AI Institute (AAII).**
- Developing **Squidle+** Human-in-the-Loop image classification tools for marine and Antarctic research, (**Institute for Marine and Antarctica Science (IMAS) & AAII)**
- Developing Multilingual Machine Evaluation Models for European language bias **(AAII & Technology University of Eindhoven, TU/e, The Netherlands)**
